
Small Molecule Protein Interaction

alternative modulation of protein-protein interactions by ... - we have collected recently reported small molecule protein-protein modulators (see table 1) and review their mechanisms of action. in particular, we focus on the two axes of orthosteric versus allosteric [10] and disruptive versus of stabilising [11] modes, and describe the effect interfacial binders on the function and dynamics of protein. we highlight selected examples of the different ppi ... **small molecule protein-protein interaction inhibitors as ...** - develop small molecules that are capable of occluding the large, often relatively featureless protein-protein interaction interface, there are increasing numbers of examples of small molecules that function in this manner with reasonable potency. **small-molecule protein-protein interaction inhibitors ...** - critical review small-molecule protein-protein interaction inhibitors: therapeutic potential in light of molecular size, chemical space, and ligand **small-molecule protein-protein interaction inhibitor of ...** - cell chemical biology article small-molecule protein-protein interaction inhibitor of oncogenic rho signaling dario diviani,¹ francesco raimondi,² cosmo d. del vescovo,¹ elisa dreyer,¹ erica reggi,¹ halima osman,¹ **protein-protein interactions as targets for small-molecule ...** - designing a small molecule to bind to a protein-protein interface and subsequently inhibit the interaction poses several challenges, including the initial identification of suitable protein-protein interactions, the **protein-small molecule interaction analysis** - 1 protein-small molecule interaction analysis application note nt-mo-003 competitive assay approach: binding of small molecules to the active form of p38 **small-molecule stabilization of the p53 14-3-3 protein ...** - function [3-5]. however, the major small molecule-based strategy for activating wild-type p53 function has been centered on inhibition of the p53 interaction **drug discovery research for small molecule protein ...** - 1 drug discovery research for small molecule protein-protein interaction (ppi) modulators with unique in silico drug design strategy . january 30 th, 2013
